

Come to EAA Chapter 1129's

Annual Banquet

Friday, February 24, 2012

Pike's Waterfront Lodge

Featured Speaker:

"Jorgy" Jorgensen

"What Alaska lover could possibly pass up the story of an Eskimo boy, born in an isolated mining community, having only an eighth-grade education, who amidst a frontier mentality of conqueror superiority becomes a legendary aviator in his own time?"

Early aviation, the Alaska Territorial Guard, segregation, the DEW line, the Alaska Native Claims Settlement Act and the Trans-Alaska Pipeline were all part of this exciting and tumultuous time in Alaska's history. Boom and bust, exploration and exploitation to such an extent no one could have imagined or anticipated, was Alaska when Jorgy was growing up and flying."

-from *Jorgy* by Jean Lester
